

# SPECIAL EDUCATION

Dear Parent/Guardian,

Minnesota school districts are required to offer direct and/or indirect special education services to students with disabilities whose parents have chosen a private school option (parochial school or home school programs). Typically these services are provided in the public school building, and transportation can be provided. Consultative services can be provided in person or over the telephone.

If you would like further information on how to access these services, please contact me at 218-681-8711 ext. 5223. If you do not want to access special education services at this time, please be aware that the district stands ready to serve your child's special education needs if you choose to access these services in the future and your child is found to be eligible. Please feel free to contact me if you have any questions or concerns.

Sincerely,

Kim Johnson  
Learner Support Services Director
